WHOLESALE PRICE LIST

OF THE

MOUNT HOPE NURSERIES

ROCHESTER, N. Y.

ELLWANGER & BARRY, PROPRIETORS.

ESTABLISHED, 1840.

We take pleasure in presenting herewith our Wholesale Price List for the Spring of 1907.

The stock herein offered is of the best quality in all respects and well worthy the attention of Dealers, Nurserymen, and Planters.

We keep all our departments fully up to the times, adding every new variety of merit as soon as we are satisfied of its value.

Our collections are carefully examined every year, and such things as seem to have little or no value are discarded. In this way we offer to our customers assortments which we can recommend with the greatest confidence.

The extent and completeness of the collections of both Fruit and Ornamental Departments of these Nurseries, their reputation for accuracy, which is scrupulously maintained; the long experience of the Proprietors and their assistants, in digging, packing, shipping, and in every detail of Nursery work, are well worthy the consideration of purchasers. No pains will be spared to insure satisfaction to those who favor us with their orders.

THE SPRING PACKING SEASON.

The Spring packing and shipping season usually opens here about the first of April and continues into the month of May. The planting season is not regulated by any particular month or day, nor by the state of vegetation where the planting is to be done, but by the condition of the trees to be planted. Hence, trees can be sent with safety from Rochester to localities several degrees south, even if they do not arrive until after the ordinary transplanting season in that locality has passed.

DIRECTIONS FOR SHIPPING.

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their trees forwarded. When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after the packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the forwarder.

CONDITIONS OF SALE.

FIRST—The articles in the following list will be furnished at the annexed prices only when the quantity specified shall be taken. *Five hundred* will be furnished at the *thousand* rate, fifty at the hundred rate, and five at the rate per ten. *In no case will we supply long lists of selected varieties, two or three of each, of either Fruit or Ornamental Trees or Plants, to Nurserymen or others, at wholesale rates, but at such a discount from retail prices as circumstances will justify.* Ordinarily a discount of from 20 to 33½ per cent. from retail single prices will be allowed on such lists.

SECOND—In furnishing assortments of Fruit Trees, as well as Ornamental Trees, Shrubs and Plants, at the prices in this Catalogue, we reserve the right of selecting varieties, but these will be of leading popular sorts, and in all cases we will give the purchaser his choice as far as practicable.

THIRD—In growing and furnishing all nursery stock we use the greatest care to have it true to name, and will replace any that may prove untrue. But no sale by us carries a warranty of quality, express or implied, and for any error we shall not be liable for more than the purchase price. Every purchase from us is made on these terms.

FOURTH—The terms of payment, CASH, or satisfactory security, before delivery or shipment of trees.

The prices annexed do not include boxes or bales, which we charge for, at cost, as follows:

Boxes (including packing)	12 feet long by 30-inch ends.....	\$3 50
“ “ “	12 “ “ 28 “	3 25
“ “ “	10 “ “ 30 “	3 00

“ “ “	9 “ “ 28 “	2 50
“ “ “	9 “ “ 24 “	2 25

Bales, according to size, 15 cents to \$2.50.

No charge is made for cartage from the nursery to the Railroad Station.

CATALOGUES.

OUR GENERAL CATALOGUE of *Trees, Shrubs, Roses, etc.*, carefully revised, beautifully illustrated with half-tone engravings, contains accurate and trustworthy descriptions of the most valuable varieties in cultivation, and is replete with practical hints, indispensable to planters. *Free* on request.

WHOLESALE PRICE LIST, issued semi-annually, *free*.

FRUIT TREES, SMALL FRUITS, ETC.

NOTE.—In filling orders at the prices annexed, we reserve the right of selecting the varieties, but will consult the wishes of our customers as far as we can. Orders for select varieties will be charged at special rates. Such articles as are not enumerated in this list can be supplied in retail quantities only.

WE BEG TO CALL PARTICULAR ATTENTION

To Our Extensive Collection of

Lemoine's New Hybrid Deutzias

These are interesting and valuable Novelties, and deserve to be better known and more largely planted. We have also a large stock of fine plants of the older varieties of Deutzias.

The Deutzia

Is a Beautiful Mid-Summer Flowering Shrub, and merits to be extensively planted, either singly in borders or in masses. For full particulars concerning these and many other valuable Novelties, send for Booklet.

PURPLE-LEAVED NORWAY

MAPLE "SCHWEDLERI"

This is one of the best ornamental foliaged trees. It is a rapid grower, vigorous, healthy, very effective, and deserves to be extensively planted.

WILLOWS

We beg to draw particular attention to our large stock of CHOICE WILLOWS. These are handsome, rapid growing trees, and very useful where immediate results are desired.

PURPLE LEAVED PLUM

PRUNUS PISSARDI

A valuable small tree, with very handsome purple foliage. It has the merit of retaining its deep purple color throughout the season, and is very ornamental on that account.

PHLOXES AND PEONIES

Our stock is very large and comprises the best varieties.

BOCCONIA CORDATA

PLUNE POPPY

A very picturesque plant, growing 6 to 8 feet high; suitable for screens, the back of borders, or for planting singly. In each case it is very effective, and gives immediate results most satisfactorily.

GERMAN IRIS

Showy popular flowers in June.

SPIRÆA VAN HOUTTEI.

The most valuable of all the Spiræas—hardy, showy and bearing white flowers profusely in May. 35 cents ea
